Dear Parents/Carers

We are pleased that Eyes@Australind has offered to do a free vision screening on **Wednesday 6th March** for our Year One and Two students. Children's vision is important for their success in reading and writing.

If the basic screen shows issues with your child's vision, you are able to go to either Eyes@Australind or any optometrist to have further testing.

If you would like your child to be included in the free vision testing please fill in the attached form and send it back to your class teacher by **Thursday 28th February.**

Regards

Vicki Lorroway
Coordinator

25th February 2019

Parental Permission & Questionnaire

Child's Name _____ Date of Birth ____ / ____ / ____
Gender () Male () Female
Postal Address _____ Suburb _____
State _____ Postcode _____
Parent's contact number _____

Eye Health History

Has your child had an eye exam before? Yes No When

Does your child currently have glasses? Yes No
Type _____

Does your child squint to focus? Yes No

Do you have any specific concerns with your child's eyes? Yes No Details

Parent/Guardian Consent

I consent to allow my child to participate in eye screening being conducted. I understand that the screening will be supervised at all times and that no drugs (e.g. eye dilation drops) will be used in the screening procedure. Please note this screening form will be kept for records as per Optometry Australia guidelines.

Parent/Guardian Name (please print) _____ Signature _____
Date _____

Screening Date 6th March 2019

Vision screening (clinic use only)

1. Vision at distance Right: pass/review Left: pass/review

With +1.50 Both eyes: pass/review

2. Vision at near pass/review

3. Colour vision pass/review

4. Depth perception pass/review

Optometrist Only

5. Binocular vision at distance pass/review

6. Binocular vision at near pass/review

7. General eye health pass/review

Optometrists notes:

Recommended for full examination?

() **Satisfactory at present** – no vision problem was evident on screening, however regular testing is recommended.

() **Unsatisfactory** – full eye examination is strongly recommended, as your child did not meet expected levels in one or more of the areas assessed – refer below.
