

Dear Parents/Carers

Our Year 10 students will be involved in a 2 day "My Future" expo at Waroona DHS next Monday 8th and Tuesday 9th April.

Monday will involve the students profiling themselves via the "Mobile Careers Van". The van is 'state of the art' and offers a highly successful, interactive space for students to identify their interests and also provides a valuable starting point for career development exploration.

At the end of the day every student will have a printed interest and job suggestion guide including an action plan, which will be retained for their student career file.

On Tuesday we have organised a range of representatives from surrounding schools and institutions to attend Waroona DHS and let our students know what is on offer to them in 2020 and beyond. On the back of this letter is the presentation schedule. Parents or carers wishing to attend one or more of the sessions are very welcome to do so.

The information gathered by your child over the 2 days will assist with decision making around their:

- Understanding of what is available beyond Year 10 and how to get there,
- Direction for work placement at the end of Term 2,
- Providing greater meaning and purpose for their studies this year.

We ask you to ensure your child attends on both of these days, in order for them to be fully informed about the career and study options for 2020.

Yours sincerely

David Mattin
Deputy Secondary Principal
Waroona DHS

Cathy de Thierry
Principal
Waroona DHS

2nd April 2019
